Hard disk

PC: 2.0 GB of available disk space
Mac: 2.5 GB HFS+ hard disk format

Display

PC: 1440 x 900 screen resolution or better to avoid scrolling in forms
Mac: comparable resolution in Virtual Windows

Operating system

PC: Windows 7, Windows 8,
Mac: Windows via Bootcamp, Parrallels or equivalent

MS Office

12ACT-800 requires and includes the 32bit MS Access Runtime
12ACT-800 does not require any Office product to be installed to operate
Microsoft does not allow the concurrent installation of 32bit and 64bit Office products.
If MS Office is installed on the target system, it must be the 32bit version.
It is neither required, necessary nor recommended to install 64bit Office
Microsoft provides the pro's and con's of versions at Choose the 32-bit or 64-bit version of Office
